

**Questions to Think about:**

1. Knowing that we are to “walk as Jesus did” in our daily lives, where is one area that you may be lacking in serving, the church ministry, serving and connecting in other peoples homes or out in the community? What is one thing that you are doing well in one or more of the areas listed above?

---

---

---

---

2. When Jesus healed Peter’s mother-in-law, He did not use any spells, incantations, or rituals. What does this say about His power and authority?

---

---

---

---

3. Why is it important that the Bible distinguishes between those who were sick and those who were demon possessed?

---

---

---

---

4. What are some needs within the church ministry that you can think of that you might be able to help with? Who can you ask if you don’t know?

---

---

---

---

5. Think and pray about having a regular night once or twice a month and plan visiting people in their homes for the purpose of serving and encouraging them. Discuss reasons why this may be difficult or uncomfortable to do? Then discuss how to overcome some or all of those difficult issues in order to make the ministry of visitation possible and edifying.

---

---

---

---

6. Is there a name that comes to mind that you should take time to go and visit? Who and Why?

---

---

---

---

7. When we are compassionate, we become humble. Our service to others is all about Jesus not about us or what we are doing. When we reach out to other people, humility takes over and energizes us to grow ever more gracious with those in need.
