

EXCITING NEWS!

February 2023

The Kokborok people group are first generation Christians.

Even these pastors (pictured below) are all first generation believers. Here is Pastor Sam from TPI working with the leaders last month. He travelled 60 hours, each way, by train to connect with them. Sam has translated Book 1 of the 2:7 into their language, the first time this has ever been done. At present we are working with the first group of 15 pastors. Eventually we plan to train all 60 pastors of this people group.

“Kokborok is the main native language of the Tripuri people of the Indian state of Tripura and neighbouring areas of Bangladesh. Kokborok is one of the ancient languages of Northeast India.”

Large group celebration of first generation Christians

Pictured above is Pastor Sam (front far left) with TPI and the first group of pastors being trained in disciple making
