Our Program

St. John's 3K offers its students four days of hands-on learning focused around the free and true message of God's Word.

Our Curriculum

St. John's 3K offers its students four days of hands-on learning focused around the free and true message of God's Word. St. John's 3K uses the HighScope Preschool Curriculum. This play-based approach encourages children to learn using their senses in hands-on experiences. Teachers work as partners in play to extend engagement and exploration.

We also use the ChristLight Curriculum to guide us through the Bible as we learn about God's wonderful love for us.
