Baraboo, WI 53913

Following our Lord's mission, St. John's Lutheran School assists families by providing a Christ-centered education which equips children to lovingly serve their church, family, and community.

Our Program

St. John's 4K offers its students four days of hands-on learning focused around the free and true message of God's Word. We meet on Mondays, Tuesdays, Thursdays, and Fridays from 8:00-3:00.

Our Curriculum

In our 4K, we use the HighScope Preschool Curriculum. This play-based approach encourages children to learn through hands-on experiences. Children learn as they discover according to their interests. Teachers work as partners in play to extend student engagement and exploration.

ChristLight

For our Religion course, we use the ChristLight Curriculum. ChristLight takes us through the Old and New Testaments, highlighting God's promise of a Savior and how God uses His people to fulfill this promise to save us all.

Our 4K Children...

- Learn about their Savior and His love
- Actively participate in hands-on, developmentally appropriate activities
- Build basic skills, such as small and large motor skills, problem-solving skills, communication skills, etc.
- Learn at their own individual level
- Build trusting, nurturing relationships with teachers and other children
