

Why Choose St. John's 4K?

Our 4K children...

- learn about their Savior and His incredible love everyday
- build life skills across multiple subject areas (approaches to learning, social and emotional development, physical development and health, language literacy, and communication, mathematics, science and technology, and social studies)
- participate in hands-on activities designed based off of student interest and abilities
- learn at their own individual intellectual level
- build trusting, nurturing relationships with teachers and other children
- participate in our classroom community
- interact with teachers as partners in play, extending learning and engagement
- follow a consistent, predictable daily routine to provide a safe, comfortable learning environment

Then Jesus said, "Let the little children come to me and do not hinder them, because the kingdom of heaven belongs to such as these."

Matthew 19:14

Our Vision:

Here at St. John's, our mission statement says, "LOVE as Christ has loved each one of us. LEARN to the best of your own ability. LEAD by helping and serving others. LIGHT the way of God's love to the community. We aim to best serve our children, their families, and our community. In our preschool program, we understand that each child was created uniquely by God. We strive to provide our students with a safe, loving, nurturing learning environment, as well as rich, interactive learning experiences through many subject areas. Every activity is designed to meet the needs and developmental level of each child, supporting them as needed.

Meet the Teacher: Miss Johanna Fischer

Hello!

My name is Johanna Fischer, and I teach 4K at St. John's.

I graduated from Martin Luther College in May 2021 with a Bachelor's Degree in Early Childhood Education. I began teaching at St. John's in August 2021, and absolutely love teaching God's little lambs.

If you have any questions, feel free to let me know!

God's richest blessings,

Johanna Fischer
