*Christian worship shows respect for God's authority and created order*

Due to the challenge of interpreting parts of this passage, we will spend the first half of the sermon simply walking through the text. After this, we will examine three ways, as a church, we can show respect for God's authority and created order in our worship service.

Notes on 1 Cor. 11:2-16

1) Respect for authority

2) Respect for each other

3) Respect for God's order of creation
