

Lent 2016

Greetings

Please see enclosed material for use during Lent 2016. The Bishop has supported the diocesan PWRDF Unit in focusing on the two areas of development with **Water projects in Tanzania and Food Security in Cuba**. This is the invitation to use this material during lent.

We encourage you to make copies of the stories for each bulletin and invite folks to donate to these areas. **The details are at the bottom of the stories.** You are welcome to provide envelopes in the bulletin if you choose to so. We haven't provided these. Or folks could mark their regular envelopes with the name of of the project(s) they wish to support, along with their donation. Pleases forward the donations of PWRDF to **these two areas** in the same way you presently forward PWRDF donations.

The Unit has provided some liturgical material in relation to the PWRDF and Lent if you would like to use it.

Thank you.
