A wonderful way to welcome the Advent season and a new liturgical year  
as we begin our journey through the Gospel of Mark.

The power of the Gospel according to Mark is brought to life in a dramatic one-man performance set in the poetic stillness of sacred space. Through this live encounter, the audience is transported back in time to be with Jesus on the dusty roads of Palestine and on the shores of the Sea of Galilee. Listeners will come away with a new sense of these familiar stories.

Hearing the Gospel as a whole will enable us to be intellectually challenged and make connections in a new light.

\*Angus Stuart, Rector of St. Francis-in-the-Wood, began by telling the story of Christ's arrest, trial and crucifixion from memory on Palm Sunday in 2007. He was then inspired to memorize the whole of Mark's Gospel. The effect is dramatic!
