

## *Where faith meets our daily life.*

*What walking the talk of faith means*

*How our Christian history impacts our thoughts*

*Where is God in our culture and our lives*

*How the life we live is the ministry we offer*

The key focus of Efm is to provide resources and tools by which we, as Baptized Christians are empowered to *reflect theologically* in our lives and live out our ministry.

Efm, is a program of study which incorporates how our understanding of scripture, Old and New Testaments; Church history; and the development of different theologies and issues throughout history impact our daily lives. Our common reflection themes have been 'Living Faithfully in Your World'; 'Living Faithfully in a Multi-Cultural World', well suited for today and in the fall it will be 'Living Faithfully as a Spiritually Mature Christian'
