Discussion Questions
1. Have you ever seen/experienced fighting about disputable matters? What are some of the consequences that arise when Christians fight about secondary issues? What are some of the ways that we might evaluate whether something is 'debatable' or not?

2. Read Romans 14:1-19. Scan through this passage again. Make a list of things that we are told that we should do when we have disagreements. Make a list of things that we shouldn't do. How do these lists help you think about approaching disagreements on disputable matters?

3. How do you feel about the idea that two Christians could come to very different conclusions about the same issues? What are some of the challenging aspects of this? Are there any positive aspects of having disagreements with other Christians?

4. What is one thing that you have learned from this series that you could apply to your life when it comes to engaging people with whom you disagree?

Moving Forward
Most of us probably struggle with certain people or are really bothered by disagreeing on certain issues. Share some of your own pressure points or issues that are difficult for you, and pray for one another.
