

PWRDF

The Primate's World Relief
and Development Fund

presents

An evening with Toni Habinshuti
& Dr. Christian Mazimpaka
of Partners In Health Rwanda

Toni serves as the Deputy Director for PIH Rwanda, managing activities across clinical and non-clinical programs, with a strong focus on empowering women and communities for health and sustainability.

Christian manages the PIH Rwanda component of the All Mothers and Children Count program, which also operates in Tanzania, Mozambique and Burundi.

Monday, June 3, 2019
Christ Church Cathedral
Chancel, Vancouver
7 – 8:30 p.m.

PIH Rwanda is recognized for improving the health of women and girls, promoting safe deliveries, training community health promoters and saving lives through quick referrals to other health services in Rwanda.

It has been the implementing partner for PWRDF's All Mother and Children Count program since 2016. PWRDF donors and volunteers in New Westminster Diocese and elsewhere have been extremely supportive of this program, which receives six dollars from the Government of Canada for every one dollar raised by Canadians.

Toni and Christian will share successes on women's empowerment in Rwanda as well as insights from the international Women Deliver conference happening in Vancouver.

Joining Toni and Christian are Will Postma, Executive Director of PWRDF and the Rev. Karin Ahtelstetter, Executive Director of Canadian Lutheran World Relief.

- What are faith-based responses?
- How does our faith inspire us to work locally and globally for women's empowerment and for change that is inclusive and just?
- What can we learn together?
- What more can we learn and do together to nurture a more compassionate society?

All are welcome
