Office Notes

Spring is in the air, the temperatures start to turn and we get to spend more time outside. To add to our already busy lives, we add yard work and for those that have a garden, there seems to be not enough time in anyone's day. I for one hand find myself busier than ever but instead of thinking about how busy you are. I am wanting people to have a change a view and see all the blessings that God has given you. Whether it is family, friends, or easy things like being able to wake up in the morning.

In these articles I always try to challenge those that read this to have a different perspective or to do something for themselves. Today I am challenging you all to enjoy the things we have and the time we have. Instead of concentrating on the things we haven't done.

I am going to keep this short, so to end: Lets pray

God, thank you for Spring and the hope of warmer, longer, brighter days. Thank you for the coming of growth and life and birth. Thank you that things are coming awake in the world. This is what our calendar says, and we do see some signs that it is real. Amen
