HOW GOD SAVED A MOM YEARS LATER

A desperate pregnant 19-year-old did not want to be a mom. Someone told her to talk to Life Choices, and she did. With their help, she chose motherhood. 15 years later, through our student ministry, the Lord saved her daughter. He then saved her, and her daughter helped baptize her!

Winning your world! We have seen what is called a web movement. One of the teenage girls from the CHHS volleyball team started attending our Student Ministry. She invited a friend from the team who was saved and baptized. Then that friend started inviting the volleyball team!
