Open Up

- Share about a time someone's personal story deeply impacted you. What made their story so powerful?

Engage

- Many people go through life searching for something but don't always realize what they're looking for is Jesus. Have you ever felt that kind of longing in your own life?
- The Bible plays a central role in helping people find Jesus. How has scripture been a part of your own faith journey?
- Romans 10:14-17 highlights the importance of hearing the message of Jesus from others. Who has been instrumental in helping you grow in faith?

Reflect

- Faith often involves both hearing the message and having a moment of personal revelation. Have you ever experienced a time when a truth about Jesus moved from just knowledge to something deeply personal?

Apply

- Since personal stories can help others encounter Jesus, what are some ways you can intentionally share your story this week?
- Think about your own journey of finding Jesus. If you were to summarize your testimony in a few sentences, what would you say?
- Is there someone in your life right now who is searching for meaning? How can you be part of pointing them toward Jesus?
