

Assurance for Life is a Christian based specialty medical clinic located in Lexington, KY right in the heart of central Kentucky. For forty years *Assurance* has specialized in meeting the needs of those in the Bluegrass facing unplanned and unexpected pregnancies. With life affirming medical, emotional, social, and material resource care, they have helped save over 5,200 Lexington area lives from abortion and have served tens of thousands of women, men, and families most at risk for abortion. This past year they provided over 570 free pregnancy tests, more than 300 ultrasounds, provided over 700 items of material assistance, connected nearly 50 clients to community resource partners, and served nearly 1,000 unique clients across their service lines. Furthermore, *Assurance* has provided parenting education, no-cost STI/STD testing for vulnerable populations within our community, and post-abortive healing for those that have gone through with an abortion in the past.

As a non-profit, this organization is 100% dependent upon donations to keep its doors open and to provide its services for those that are in a place of panic and indecision regarding a pregnancy. Please make sure to grab a baby bottle as this is one of the most important (not to mention 'easy' and 'family friendly') fundraisers that keeps *Assurance's* doors open and helps them meet clients in a time of crisis and uncertainty. Fill the bottle with coins, bills, or checks and return it on Father's Day and we'll get them turned in. Visit AssuranceForLife.org to learn more!
