

It is time for a Circle

Bearing witness and holding space

Wednesday, June 25, 6:30-8 pm

Vestry, Main Street, Hancock

There is so much noise in the world today. Would you like to find connection to people who are different from you?

Unsure of what to do with all that you are feeling? A Circle builds a container large enough for your feelings and others' feelings so **you don't have to be alone.**

Professional facilitators, Leaf Seligman and Balmeet Lasky, will host the circle. A donation for their time will be collected.
