HAWAII

To The Ends Of The Earth

Greetings from 30,000 feet in the air!! I am writing this letter, halfway through my flight to the Philippines. A group of us, will be ministering for a week & a half, in Manila & Mindanao. We will be preaching the gospel, encouraging & training Filipino pastors. Over the past few months, we have ministered in: South Africa, Tanzania, Ethiopia, Ghana, Germany & Bulgaria. Next month, we will minister in Israel for two weeks, then Argentina for 1 week. We already have plans & schedules to minister in Pakistan, Russia, Siberia, Serbia & many other areas, this Fall/Winter.

Current Furlough & Future Plans

Our son "Landon", has been hospitalized for the past three weeks. He is having severe neurological challenges. The Dr's believe he had a stroke, a few weeks ago. They are performing a large amount of tests, to find out how to treat him. This has weighed very heavy on our family. Our daughter "Annabelle", has also experienced a lot of health challenges. She has been in & out of the hospital constantly, over the past few months. This has made us re-evaluate our immediate return to Hawaii.

For now, Michael will continue traveling & ministering in various countries, leading teams (from local churches), on missions trips. We have made the decision to extend our furlough, at least six more months, to ensure that our children are healthy & safe. This decision will place our return to Oahu, sometime during the middle of next year: 2026. If you have any questions about our children or future plans, please feel free to contact Michael on his cell: 808-292-9105 or please email him @ michaelwonser@gmail.com We love you all & cherish your prayers.

Things Near & Dear to Our Hearts

1. The people we have led to Christ & discipled in Oahu, are continuing to lead others to Christ. We thank God for "fruit that remains".
2. Our son Landon, was baptized a few weeks ago. We thank God that he followed Jesus in this beautiful display of his faith & obedience to Christ.
3. Our grand-daughter loves worshipping & listening to preaching. She brings so much joy, everywhere that we go. Thank you for praying for her.
4. Please pray for Michael, as he ministers in various nations & gives updates to our ministry partners. Pray for strength, health & safety.
5. Please pray for Victoria. She has started writing a series of books, about our missionary journey's, around the world. She has served as a missionary, since she was 3 years old. First with her parents & now with our family. She is excited to make a video series & also stories in book form. She wants to inspire the next generation of missionaries!!
