Dear Co-Laborers in Christ,

Greetings once again in the precious name of our Lord Jesus Christ. It is our desire and prayer that each of you would continue to experience God's blessings in your lives and family. We are grateful for your prayers and economic support that makes our work here possible.

In the month of June, my wife translated for a medical missions surgical team. Many people were helped, and more importantly, were given the opportunity to hear the Gospel. The same surgical team performed a minor surgery to remove a lump from my upper left shoulder. We originally thought it to be a lipoma. Test showed it was not a lipoma, and the doctor said he wouldn't know what it was until they cut me open. It turned out to be a non-cancerous sebaceous cyst. We are grateful the surgery went well, and I am now completely recovered.

Nuria is a young lady that attended church at the invitation of a friend. After the service, Brother Adam shared the Gospel with her, and she received the message of salvation. She now regularly participates in youth activities.

My wife has recently started a special class for some of the children ages seven through ten. Most of them are street children that have been badly neglected and abused, and only a couple of them can read. Their short attention span makes learning very difficult for them. They are in desperate need of God's love and a lot of patience. A few of the little boys have already begun to drink and use drugs. Please pray for this little group of children, that God would work a miracle in their hearts.

Once again we are grateful for your investment in our ministry here. May the Lord richly bless you and repay your generosity.

Sincerely,

Napoleon & Esther Flores

I am grateful my surgery went well, and that it was nothing more serious.

Esther turned 25....again.

Bro. Adam sharing the Gospel with Nuria.

Ladies meeting in June.

Some of our Sunday school children
