Dear Pastors and churches,

I pray that our God has bestowed upon you His marvelous grace, peace, and joy that is always in abundance. You are in our prayers daily and we long to see you face to face. Our God is always good and always has His eyes upon us and His ears attentive to our cries.

I just finished 39 radiation treatments for cancer and am getting my strength back. All is well as I believe that God has taken care of this problem. Our ministry was not affected through this time for which I thank my God.

The churches in Haiti are still having to deal with the uncertainty of what the gangs will do next, we have two churches that need extra prayer as they have not been able to return yet, Please pray for the church in Petite-River and the church in Lister. In Port-de-Paix they just finished a crusade with more than 100 souls coming to Jesus for salvation. We are in the process of beginning two more churches on the outskirts of Cap-Haitien. It is so good to hear of the great evangelistic outreaches of the established churches,

It is time for the schools to open again and for 50 dollars we can sponsor a child for the year. This buys the child uniforms, their books, and pays the teachers. Last year our church sponsored 50 children and I pray we will be able to do this again. If you would like to sponsor a child please let me know. This is reaping eternal rewards.

The church here is doing well as we prepare for another school year. Our students and teachers are excited to get started again. We have experienced growth in the church both in number and in spirituality.

Pastors, in our last letter we asked that you contact us so that we might speak to you concerning the things coming up. Unfortunately I did not have much response to this request. If it slipped your mind please call me at your convenience at 239-776-0743. Louise and I appreciate so much your faithful prayers and support, we are still labouring faithfully for our Lord.

Your servants in Christ,
Bob & Louise Kline
