August 22, 2025

Dear Brethren,

For those of us who know Bro. Jorge Varela, missionary to Costa Rica in the area known as Zarcero, he shares with us his need for a laptop computer, since the one he has been using for years now, no longer works. The laptop has been such a useful tool for Bro. Jorge, especially since he has suffered several setbacks with his eyesight during recent years. Being able to adjust the font in his weekly messages has been a great help. In fact, all his written work, whether in his studies, messages, or Bible institute lessons, have been made so much easier using the laptop.

If you know Bro. Jorge, or if he is one of your supported missionaries, you may want to help him with this need. Maybe you or someone else you know may either have a used laptop, or better still, a new one to donate to Bro. Jorge's ministry. What great help and blessing that would be!

Please pray that the Lord would supply this important tool for our missionary Bro. Jorge Varela in Costa Rica. Laptops are much cheaper here in the States, so if you would feel led by the Lord to help supply this need, it could be purchased here, then I could carry it down with me on my next trip or send it down with someone I know who is making a trip down to Costa Rica. In fact, I have a friend in Naples who makes frequent trips to Costa Rica, seeing that his wife is Costa Rican and knows Bro. Jorge personally. Please let me know, and I will give you further instructions in the quickest way we can get the laptop to him. At this point, my next trip to Costa Rica is not till December, but we may find someone going down before then.

ALL THINGS ARE POSSIBLE WITH GOD. GOD IS GOOD. HE BLESSES US SO MUCH IN SO MANY WAYS. With that in mind, he wants us to bless others.

Bro. Carl, GPA
