Missionary Bismark Martinez project

Dear Brethren,

August 19, 2025

Missionary Bismark Martinez of Canalete, Costa Rica is asking prayer for a special project he has going to improve one of his Sunday School rooms and the cafeteria area of the church which lies on the back side of the property separate from the church building. Both these areas need ceramic flooring.

The Sunday School room measures 36 square meters, while the cafeteria building has 70 sq. mt. of space. The value of the combined spaces for the ceramic tiles is \$10 per square meter, coming to a total need of \$1060.

His prayer is for God to provide the money for the flooring, but also, he has suggested that maybe a group from a church in the US would like to take this on as a project to visit the field and help with installing these floors.

Please pray for God's provision for this important project for the church in Canalete. Please contact me if you would like to contribute. GOD IS GOOD.
