

Unity Northwest Region
Regional Representative Annual Report – 2025
Submitted by: Rev. Carrie Kenyon

This year has been marked by growth, learning, and strengthening connections across our region. My focus has been on listening deeply to ministries and ministers, extending support where needed, and creating opportunities for collaboration and shared wisdom.

One highlight was a Saturday spent in Bellevue, where Rev. Pam Gutierrez joined me in facilitating a training with the board and their minister, Rev. Perry.

Throughout the year, I served as a guest speaker upon request, bringing spiritual insights and Unity teachings to various congregations. Since March 2025, I have also had the joy of serving as Transitional Minister for Unity of Vancouver.

Another significant experience was attending the **Annual Unity Worldwide Ministries Convention**. It was a time of rich learning, inspiration, and connection with colleagues from across the movement. A highlight for me was the keynote by **Rev. Jim Rosemergy**, whose consistent example of leading from the heart deeply touched me. His words were a reminder of the power of authenticity, compassion, and spiritual grounding in leadership. I returned home renewed, with practical resources and spiritual insights I have already begun sharing with ministries in our region.

I also participated on the **NW Regional Conference Planning Team**, particularly in the board training track, and look forward to connecting with many ministry board members there.

With the upcoming vote regarding the relationship between Unity Worldwide Ministries and Unity World Headquarters, the **Standards Team** has been carefully reviewing Unity Worldwide Ministries' policies for clarity in wording and intent.

I feel deeply blessed to serve in this capacity—connecting, learning, and growing together.

Respectfully submitted,
Rev. Carrie Kenyon
