Genesis 1:1—2:4a

Creation by the Word

God created the whole universe and everything in it.

On the first day, God created light.

On the second day, God created the sky.

On the third day, God created dry land and filled it with plants and trees.

On the fourth day, God created the sun and moon.

On the fifth day, God created all the creatures in the sea and all the birds in the air.

On the sixth day, God created all the rest of the animals including the animals God created last of all: people.

God created people—women and men. These women and men would be full of creativity and love and excitement, just like God! God told them it was their job to take care of everything that God had created.

Then, on the seventh day, God rested, showing us how important it is to take time to rest.

REMEMBER THIS

CREATE

To make something using your imagination.

WHAT HAPPENED WHEN?

What did God create each day? Write the number of the day in the blank next to the picture of what God created that day, and the picture of "resting".

Day ____

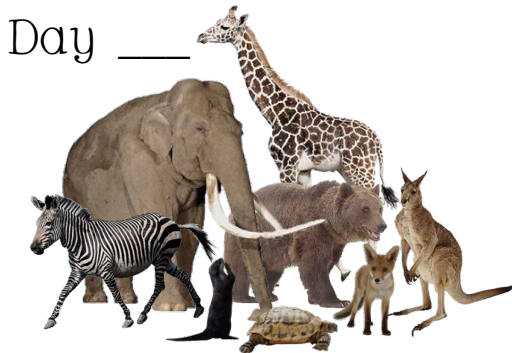

Day ____

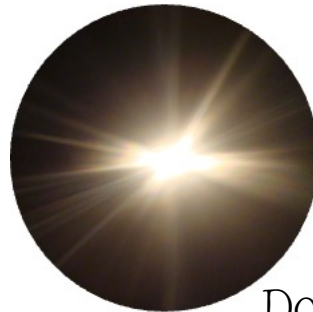

Day ____

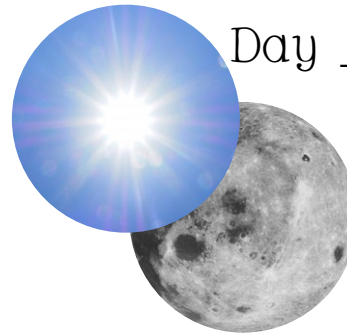

Day ____

Day ____

Day ____

Day ____

Did You Know?

There are two different creation stories in Genesis where things are made in a different order. But both stories tell us just how much God loved what God made!

TRY IT AT HOME!

Make up your own new and different plants and animals. If you got to create the whole world, what would be in it? Draw a picture and share it.
