

## A space for our community

The current home for Covenant Christian Community Church was opened in 1988. For over 35 years it has served both the church family and the entire community. The goal of this project is to help it remain a space for our community - for *everyone* in our community - for many years to come. We want this building to be a space where everyone has the opportunity to connect.

## Fall 2025 Campaign Update!

**By the end of August 2025 there has been \$82,252.65 contributed to our accessibility project. Thank you so much!**

**In recent weeks, we have received further pledges from major contributors in the total of \$200,000!!!!**

**With these pledges we have reached over 80% of our goal!!**

**Between now and the end of 2025 we are inviting you to help us get our remaining \$67,747.35. That is still a *huge* number, but we are making the ask. We are at the point of being able to plan for Phase 1 of our project, but need your help to follow through!**
