# Into the Box Game

Goal: to get the highest score by putting 3 balls into boxes and adding each ball's score.

1. Put 3-5 boxes against one wall. Each has different points value. Smaller boxes get higher points value.
2. Put the launcher on the floor facing the boxes.
3. Put a ball into the cup.
4. Step on the other end of the launcher board and send the ball flying at the boxes.
5. After 3 balls, add up their score and another player has their turn.
6. Winner is the one with higher score. Tie? —one last shot to determine winner.

Launcher is a board, pool noodles (tied on with bungy or string or elastics),
