

Instructions:

Shuffle the cards and put them in a stack on one side of the room. Have the children line up in two lines. (If there is not enough for two teams, have them do it in one line and work to see if they can do it in 2 or 3 minutes as a team).

Have the first child run over and grab a card and bring it back to their team's line. They set the card down and go to the back of the line. Then the next child goes and repeats this. Continue until the team has all their cards.

Now they must work as a team to put the verse together in the correct order.

First team to do this correctly and have it verified by the teacher wins.
