

Craft #1. Prayer Cell Phone

1. Print out the pattern onto cardstock or on plain paper.

2. Cut out the THREE pieces (noticing that each piece has two parts grouped together.)

3. Fold each piece into one two-sided paper.
4. Fold the “wings” on the part with two messages.
5. Glue the two messages page together. **DON'T GLUE WINGS**
6. Use the “wings” to glue the front and back onto the mid-section.
7. You have completed building your Prayer Cell Phone. NOW, take some time, pray, and ask God to help you fill in the middle pages.
