

LifeGroups of SLW Church are groups of people intentionally committing to be together, to pursue relational and spiritual growth, and to respond to God's calling in our lives. These groups will be born out of individuals coming together around similar interests, passions and seasons of life

The details and specifics of what each group looks like will vary as some may choose to focus on bible or book studies—while others may be built around activities, hobbies, or interests.

LifeGroups of SLW exist to connect people in relationship with each other - and with God - so that they have the opportunity to experience true belongs, along with spiritual challenge and growth, for the sake of living in obedience to God and impacting the world through service and love.

#### Goals

- Build relationship with God and others
- Actively respond to God and others
