Questions for Further Discussion:

(Great for Life Groups, family devotionals, or with a friend)

1. What things about this land are not the things of God? Try to identify things that are not as obvious. Perhaps things you might usually identify as just "how the world works."
2. Where have you gotten too comfortable with living in "Meshek"? What would it mean to feel so "doomed" or "cursed" to live around sin that you reject it in repentance?
3. How can you speak up for peace (shalom) in dark places? How do you balance seeking the "peace and prosperity" of the land you inhabit with pursuing the house of the Lord?
4. What will starting/continuing the journey look like for you?
