

My Faith Commitment

We have to ask for a financial commitment so the church can responsibly budget, but financial giving is just one faith practice. To focus on growing in other ways. It is hoped that each individual of this congregation will complete a faith commitment and keep it in a place you will occasionally see it.

Please consider your current faith practices and make a commitment for this coming year. Perhaps it isn't about more of a practice. It might be about how or when. Here are some suggestions to get started:
