Fall Session 2025

From Doom to Dawn | *Hope on the Horizon – Remedy for Doomscrolling*

1 Thessalonians 5:23-28 | November 16, 2025

1. If you could “remodel” one room in your home instantly, which would it be and why?
2. Read 1 Thessalonians 5:23-28 and review the sermon outline. What stands out for you?
3. In vs. 23, Paul prays that God would keep the recipients of his letter “blameless.” Where do you feel God doing some “remodeling” in your life right now?
4. How does vs. 24 make you feel? Encouraged? Complacent? Motivated? Relaxed? Other?
5. God has given us a *hope hack* called prayer (see v. 25). How does prayer lead to hope?
6. Verse 26 highlights the affection and warmth found in Christian community. What does this look like on a practical level today?
7. See vs. 27. This letter was read aloud to the whole church. And we’re still reading it today! How has this study of 1 Thessalonians shaped your spiritual outlook?
8. Paul ends with grace. Where do you most need to “land on grace” right now? In your thoughts, relationships, or circumstances?
