Fall 2025

Dear Supporters of Tytoo: Fall and the month of October marks the return to school for children in Haiti. October brought a glimmer of hope to a country devastated by gangs and hunger. The new UN peacekeeping force with many additional peacekeepers and more equipment brings hope for better days ahead. Conditions in the village of Simonnette have stabilized somewhat and the school has now reopened with over three hundred children in grades K to 6 in attendance. Picture below.

About 675 students remain in school in Archaie. This spring five students completed their first year at University. Now sponsorships have been received for three additional students so we will have a total of eight University students this year. Picture on back page..

Sadly the Tytoo compound at Simonnette has experienced considerable damage from looting, theft and vandalism. It will require considerable resources to restore it to its pre-gang status. But here is some more good news! The church next to the school in Simonnette has reopened and during a recent series of evangelistic meetings over forty attendees made a commitment for Christ and over a 100 renewed their faith in the Lord.

It is only through your generous donations and sponsorships that this ministry is able to continue. Thank you for your faithful support.
