

To the members of Pacific Community Church, I want extend a sincere thank you from the Staff, Volunteers, Guests and Clients associated with Storehouse Community Hub Society.

Any opportunity I am privileged to get, to address the church family in person or in print, it is important for me to convey our gratitude and to remind the church family that what we do every day in the communities around us is possible due to your investment.

The relationship between PCC and Storehouse is vital and we count it a blessing to do ministry together. This past year has been an exciting one for many reasons.

The year began with another incredibly successful Coldest Night of the Year Event, followed by our rebrand from Cloverdale Community Kitchen to Storehouse, a red carpet Volunteer Appreciation Evening and our first annual Golf Tournament. This past year also brought recognition for our staff and volunteers hard work. We were recognized with a Clovie Award, the Full Heart Award from Greater Vancouver Food Bank, a Second Harvest Award for Food Rescue and an Environment and Business Award from the Surrey and White Rock Board of Trade. Again, thank your for the part you played in this recognition.

As the new fiscal year is in full swing, we reflect on the sheer number of people cared for in our programs. Our Christmas Hamper Program gave hampers to over 1100 families, our Food Bank currently serves close to 1100 plus families monthly, 17,600 community meals were served this year, 33,000 mobile meals delivered this year and 4600 shelter stays. This is only a snapshot of what we were able to do together.

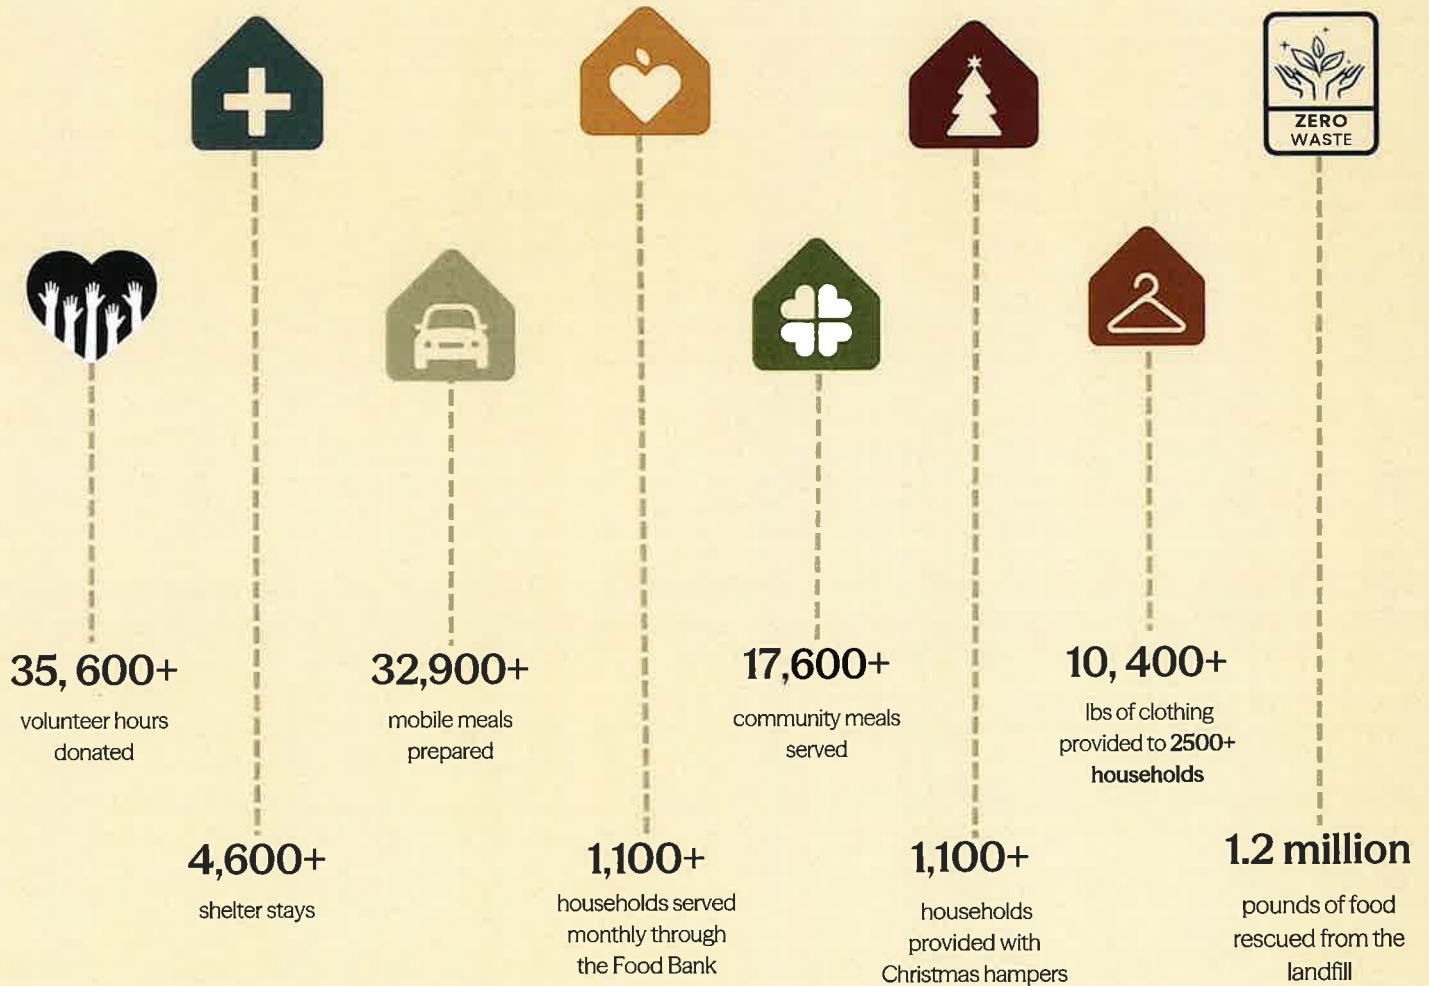

I hope that above all, you sense the role PCC plays. Thank you for the PCC Board, PCC Staff and PCC Congregants who extend grace and display an obvious, tangible love for those on the margins.

You are making a difference. We are making a difference together.

Blessings PCC Family.

Marty Jones
Executive Director
Storehouse Community Hub Society

What We Have Accomplished in 2024

With over 300 families currently on our Food Bank waitlist, the Storehouse Regional Food Bank Expansion Project is essential to reach more people in need and provide timely access to nutritious groceries!
