

Urgent need: Cabecar Indians

Carl Hewlett

Tue, Dec 2, 12:43 AM (4 days ago)

Dear Brethren and Friends,

I have been going back and forth with the Hutton family in Costa Rica as they were explaining their situation with the Cabecar Indians and their annual Christmas parties. They need help with the food and gifts for the three works in Atirro, Nimari Nyak, and Grano de Oro. The Lord has graciously blessed in supplying the funds for these parties in times past, but things are going very slow this year with the donations. These parties draw many of the Cabecars out to hear the gospel which normally would not attend the church services. Melanie and her husband Quintin have been laboring for years with these indigenous peoples to get them under the sound of the gospel. Many have been saved, baptized, and are faithful to the services in their area.

Prayer is being asked by the Hutton family for the Lord to extend his mercy in bringing these much-needed funds in to cover the costs of the food and gifts. The need is for \$2000. The parties are scheduled for this coming Friday, next Friday, and then the following Sunday.

May the Lord raise up some key brethren that would help in this situation. GOD IS GOOD, *"who will have all men to be saved and to come unto the knowledge of the truth."*
