

#TargetPractice: What does 'God is love' mean?

[We Love Because God Loves Us | Bible Story | LifeKids](#)

We love because God loved us first.

How did Jesus show us His love?

This is why we give gifts at Christmas...remembering God's gift but also to show others our love for them.

Discuss how we have gotten to a place in our culture where the focus of Christmas is getting gifts. We should, however, consider that it is to be more about giving and showing someone that you care.

There is also a lot of focus on big and expensive gifts, yet the little, thoughtful gifts or things we do for others is often the most loved and appreciated.

Today I want to give you the opportunity to give something to someone you love or someone who could use a pick me up.
