Hello everyone!

In August we left for Nigeria for a month and a half. Our mission was to do a similar survey to the one we carried out in Vanuatu, to find out what language was used in reading Scripture. You may have heard about the fighting between Christians and Muslims in Nigeria, and the number of refugees we saw sleeping in the streets demonstrated that conflict was very real. But we also witnessed church services with someone from a Muslim background, still wearing her traditional garb, dancing together with fellow Christians. They were singing about how when all tribes follow Jesus together, they sing and dance together both here and in Heaven. We witnessed vibrant churches and communities changed by the power of God!

Dressed up to go to church in Nigeria.

"WE'RE ALL FOLLOWING  
JESUS ON EARTH AND WILL  
DANCE IN HEAVEN!"

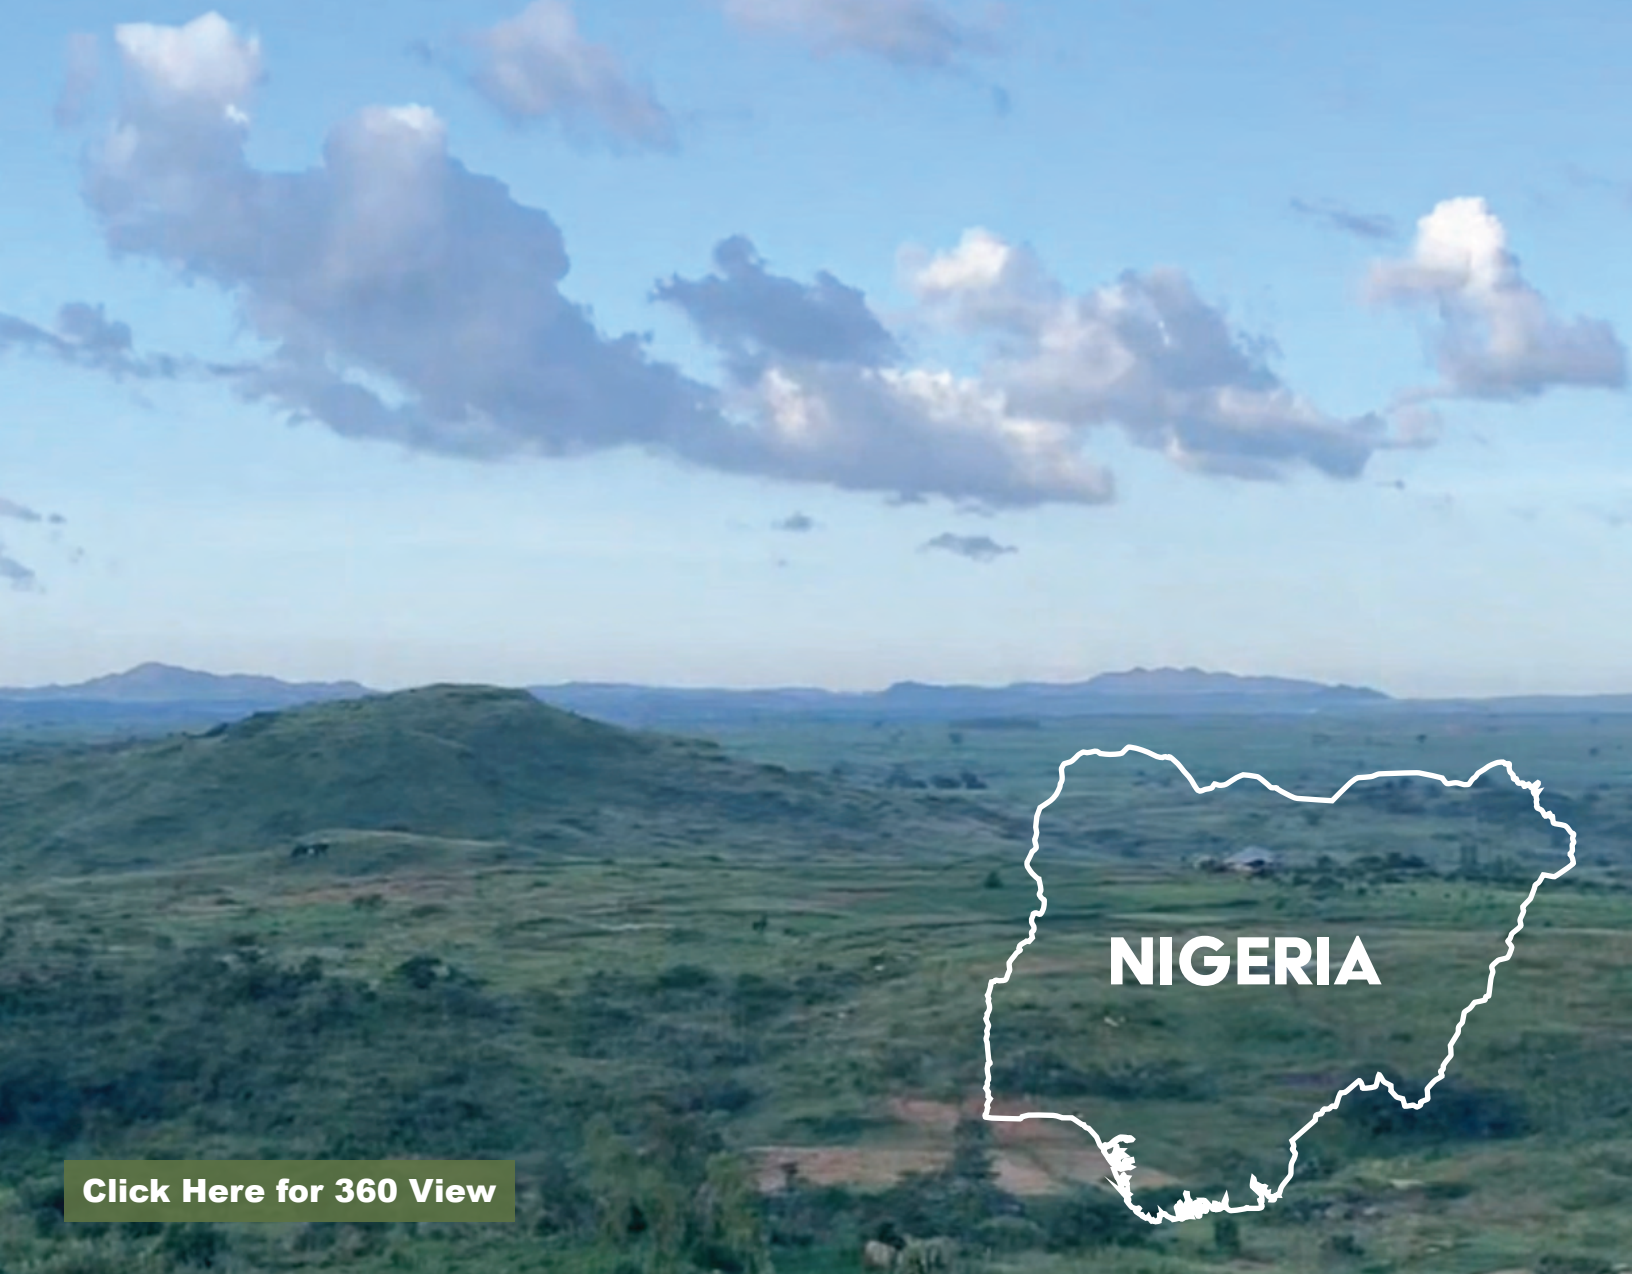

Amazing photos! Ex-Muslim herder and Christian farmers dancing together and singing. This in an area where there have been many killings between the two groups.

**We trained 4 survey teams in Nigeria.  
This was the team we did our fieldwork with.**

**The senior ladies of the Tiv tribe singing their hearts out.**

In October, I left for a conference in Thailand on Bible translation. There we presented our findings on Scripture use in Indonesia, Vanuatu, and Nigeria. It was well received, and they would like us to continue this project in three more countries in 2026. Pray that the Lord will give us strength to carry this out.

**Roads were so bad, it was back to motorcycles again.**

# Isabelle

October 20th was a very special day when we welcomed our newest granddaughter,

**Isabelle!** 7lb 10oz.

She is child #3 to our daughter Jillian and her husband Matthieu, and a sister for Gabriel and Rosie.

It was so wonderful to be able to connect with so many of you this fall.

Thank you for believing in our ministry.
