

# David & Katie Gardner, missionaries to Peru

**VISION FOR  
LATIN  
AMERICA**

For over a decade, David and Katie Gardner have faithfully served in Peru, started churches, and trained men and women for ministry. Due to COVID restrictions, they've held outdoor church services at the Peru Bible College. God has blessed them with up to 120 people in attendance, new visitors, and several professions of faith! The Gardners are also thankful that they'll soon be able to purchase property for Love Baptist Church, a young church plant that has seen people saved and lives changed!

In the past month, David and Katie have been able to host 7 young people for a missions internship. Would you pray that the Lord would continue to burden and work in these young people's lives? The Gardners are also seeking the Lord's guidance as they raise funds and search for property for Omega Baptist Church. As a new leftist president takes office next week in Peru, pray for the Gardners and for continued open doors for the gospel in Peru.
