**Dear Friends in Christ,**

We wanted to share about the **special Thanksgiving dinner** we had recently! As you know, Thanksgiving isn't celebrated here in Spain, but we had a wonderful opportunity to experience it thanks to our dear missionary, **Justin Pizzo**, and his wife, **Anna**.

Justin, who leads our English ministry, was completely in charge of the event. He and Anna did an absolutely excellent job decorating and preparing the entire traditional dinner. It was a beautiful expression of their culture and a chance for us to embrace a time of **gratitude** together.

The evening was a blessing—we sang, shared from the Word, and Justin delivered a truly excellent, encouraging message. It was especially great to have several visitors who don't usually attend church join us for the celebration.

It was a beautiful night of fellowship and thankfulness!

I've included a few photographs below.

With gratitude and love in Christ,
