

# The Southern Cone Initiative

Advancing the gospel in every least-reached community in the Southern Cone.

## THANK YOU

"Many, O Lord my God, are thy wonderful works which thou hast done, and thy thoughts which are to us-ward: they cannot be reckoned up in order unto thee: if I would declare and speak of them, they are more than can be numbered."

**Psalm 40:5**

## Breaking Ground

What an exciting milestone! On November 10th, we broke ground on a 5,000-square-foot building that will serve as the home of the *Missio Dei Institute*, where we'll train future church planters, leaders, and pastors. This is the same location where we planted *Oasis Church* back in 2012, and it's beautiful to see how God continues to work in this place. Since then, *Oasis* has been instrumental in starting and strengthening churches throughout the *East Zone of São Paulo*. Although we transitioned the church to local leadership in 2017, we've continued supporting their development and growth—and they're thriving!

In 2024, several pastors and leaders from the region came together with a shared vision: to launch a training center at *Oasis* that would raise up the next generation of church leaders. They wanted something local, financially accessible, and local church-driven. Currently, aspiring leaders must travel many hours and pay high tuition costs for biblical training. Thanks to your support, we decided to soft-launch the training center earlier this year with group training events. The response has been incredible—over 70 church leaders participated! In August, we launched weekly classes with 10 students enrolled in formal training. Looking ahead to 2026, we're planning to train over 200 church leaders through the *Missio Dei Institute*.

**Your partnership is making this possible.** Over the last year, many of you have generously contributed to this project, and work is now underway! We'll be hosting two mission teams in January 2026 to help with construction. If you'd like to be part of this transformational project, we still need \$18,000 for windows, floors, and electrical installation.

You can give online at [sendglobal.co/donate](https://sendglobal.co/donate) or by sending a check to:
