

# What is the Heart Circle?

---

The Heart Circle is a nurturing space for those of us navigating grief or other burdens in various aspects of our lives.

## An Equal Gathering

Within this circle, everyone stands on equal ground.

This is not a place for fixing; rather, it is a safe and confidential environment where you can express what's in your heart, where you can listen and be listened to. It is a "brave space."

## Intentional Presence

As we gather in the circle, we commit to bringing our full and intentional presence to ourselves and each other.

Every meeting begins with a grounding activity and opens and closes with a poem, a ritual, or a brief reflection.

In the heart of the meeting lies an open space for those wishing to share their current journey.
