

## Rain in Texas

The rain showers in the summer in Texas have been wonderful. To see green grass and cooler temperatures has been a tremendous gift. Granted it has been a challenge keeping up with mowing the lawn and brushing off the mosquitos; however, the good outweighs the bad. Last year, the church air-conditioner stopped working and this year it worked very well. There are a few days left in the month of July and we are grateful that things have been manageable. We are preparing for what the Lord has in store for the month of August 2024 and beyond.
