

# February 2026

Joseph - God Has a Plan  
*Genesis 32-50*

## Welcome!

Welcome to our GP Kids Update for February! Since parents play a crucial role in our approach to children's education at Grace Point, we created this update as a tool for communication. We hope it helps keep you informed and engaged.

## GP Kids Workshops for February

**Art Room:** The children will learn about God's plan for their life by sewing art work that will be a part of a greater design that they can't see until the project is finished. Julie Martin is leading this project in February.

**Explorers Room:** The children will learn to understand how man's disobedience to God at the Tower of Babel provoked him to confuse their language, and how that affected the history of the world. Jennifer Tharp will be teaching this month.

**Game Room:** The children will learn about God's providence through a team game based on the story of Joseph and his brothers. This month Brandon Barkley is leading.

**Theater Room:** In the theater room, students will use drama to explore God's plan through the life of Joseph. MB Harmon is directing this month.

## Devotionals for the Month

One of our objectives for our new model is to equip our GP parents to be our kids' primary teachers about God. In order to do this, we have purchased devotionals that families can use to spur on conversations about God at home. The title of the devotional we will reference throughout the year is **Long Story Short** by Marty Machowski. You could use the following ideas and devotionals as you talk about the Creation with your family:
