

A.G.A.P.E. Homeschool Co-op Mission Statement

A.G.A.P.E. Homeschool Co-op, Academic Growth And Purposeful Education, exists to support homeschooling families through a welcoming and collaborative learning community. We provide intentional and meaningful educational experiences that promote academic growth, character development, confidence, and strong social connections. Students learn alongside peers through shared activities, discussion, and teamwork in an environment that values respect and cooperation. Grounded in faith, our co-op's values guide how we learn and interact, while allowing space for creativity, exploration, and growth across a wide range of subjects and experiences.

Who We Are

A.G.A.P.E. Homeschool Co-op is a community of families who believe learning is enriched through connection and shared experiences. We place a strong emphasis on collaboration, communication, and positive peer interaction, providing students with consistent opportunities to build friendships and develop social skills in a supportive group setting. Faith forms the foundation of our values and shapes how we serve, lead, and support one another.

Who We Welcome

We warmly welcome homeschooling and cyber school families who value community, purposeful education, and meaningful social engagement. A.G.A.P.E. is a place where students learn together, form lasting friendships, and grow socially through active participation with peers. Families from a variety of educational approaches and backgrounds are invited to join us, provided they respect our values and support a positive and cooperative learning environment.
