.. The Night Cometh When No Man Can Work ...

Dear Pastor and Praying friends

January-February 2026

As one reads through the Bible in some books, it is noticeable that believers, tended to allow apathy to set into their lives. Likewise, we know that there are some believers today who will be faithful to the end and there are some who will follow the path of apathy. An example of this; twenty years ago, the missionaries in Scotland gathered to have a, 'Pastors' Fellowship, on a monthly basis. After the leadership changed, they gathered quarterly. Again, after a leadership change, they gather annually. Meanwhile, God has been faithful to each one in the work they have been called to fulfil.

The above has been mentioned to indicate that our faithfulness has not altered, since we first arrived in Scotland, even though our ability has changed. It is now seven months since my operation and recovery now is at 90%, with issues with my balance and memory. This does not mean we are throwing in the towel, for we are determined to continue serving the Lord here in Scotland and representing each of you until the Lord takes us home. As our theme verse indicates, Jn 9:4, we are planning to be in Scotland when that day comes, be it the rapture, or the Lord simply taking us home. Now that I've shared my heart with you, some updates on the work.

We do have a new lad attending occasionally, named Luka, who is a boy-friend of one of our young ladies. He lives in London and comes from a RC background, but our prayer is, that being exposed to the truth, he will respond; please pray for him. Brian is continuing to attend, and again we are calling upon the Lord to bring conviction upon his heart. Please pray for him.

Our Christmas Fellowship went well, with several visitors, but we are especially pleased that the members of the church organized everything and directed everything, May and I just sat and enjoyed. This is the very reason why my plans were shared, for we want this church to go on, even after the Lord takes me home, if before the rapture.

Our new tract, "What Can God Do For You", will be going to the printer this coming week. As each new tract is put in the homes and villages around Houston, our desire will be; the message will be clear and that the Lord will bring conviction on many in the process.

Again we thank the Lord for your faithfulness to these people. Please pray for Brian, Helen, Emma, Alicia, Shaw and Dylan for salvation.

Servants,
