Dear Co-Laborers in Christ,

Greetings once again from Tela, Honduras! We want to thank you for your prayers and faithful support over the years. May the Lord bless you for your generosity and use you in your respective ministries.

December was a month full of activities. We took advantage of the kids' time off from school to take them out soul winning on several occasions. They enthusiastically shared the Gospel and we saw several people make professions of faith during visitation as well as in youth activities.

Also in December, Pastor Mario from San Jose, Copan, came to preach for a mini retreat we had for the young people. He also tuned and fixed our piano – something that had needed to be done for a long time.

For years, we have wanted to build a wall around our church property, but were not able due to finances. In January, a group from Hope Baptist Church in Santa Rita, came and lent us a hand. They provided the building material as well as a group of workers to help with the project. The plan is to build the wall in front as well as the wall in back. We have yet to be able to finish it due to heavy rains.

The next big project we are looking to do is build a metal roof over the whole property to protect us from the burning sun as well as the rain. That way we could use the space beside our building for children's ministries or a fellowship hall.

We ask you continue to pray for the work here in Tela, especially that the Lord raises up workers to help with the children and youth ministry.

Sincerely,

Napoleon & Esther Flores
