TODAY'S TOPIC:  
**GOD TAKES CARE OF US**

At one time, many years ago, the Isrealites were slaves in Egypt. The Pharoah would not free the Isrealites so God sent plagues. The last plague was the worst one and would change the Pharoah's mind. To spare His people from the death that was to come God gave Moses instructions. He said that every family was to take a one-year-old lamb, one that was perfect in every way, and prepare a meal. They were to take some of the blood from the lamb and smear it on the sides and tops of the doorway of their houses.

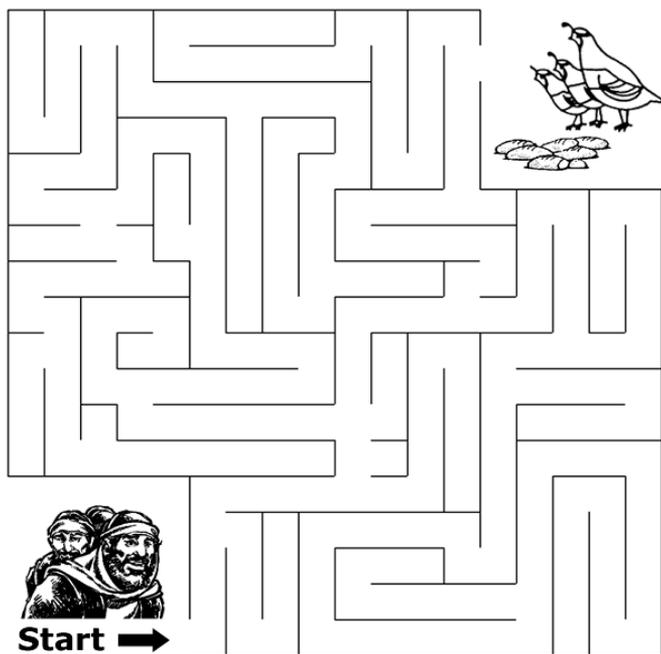

God warned the people that there was going to be a lot of death in the land. God said to His people, "The blood will serve as a sign on the houses where you live. When I see the blood I will **pass over** you—no harm will touch you when I strike the land of Egypt."

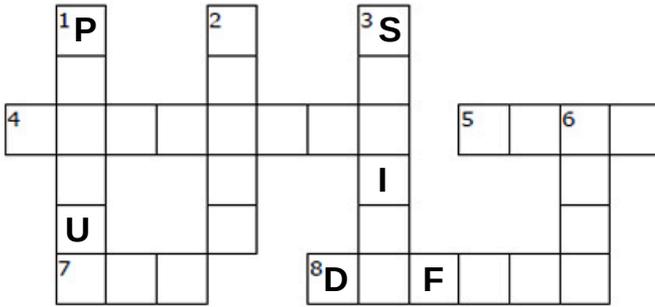

After the Isrealites had crossed the Jordan River, it had been exactly 40 years from the day they were redeemed out of Egypt, the day of Passover. So, Joshua and the Isrealites celebrated and remembered Passover. God provided manna, bread from heaven, one final time. The day after Passover, the Isrealites would eat from the Promise Land, just as God had told them many years ago.

 THE RICHES  
 OF HIS GLORY  
 IN  
 CHRIST  
 JESUS

God has been taking care of the Israelites all this time. Saving them from Egypt was not a one-time thing. He provided for them as they wandered in the wilderness for 40 years by giving them food from heaven. Once in the Promised Land, they were able to start providing for themselves from the crops that had been planted there by other people. God knew they had grown and changed. He still loved them and cared for them, but He knew they could feed themselves now. He took care of them in other ways and still takes care of us in ways that are best for us. God will always take care of us, but it won't always be in the same way, but you can count on it always being in the best way.
