KYLE, AMANDA, JAXSON, & BRAYDEN

Assisting local churches in establishing on-campus Bible studies

Special Urgent Prayer Request

CFC Open House Fundraiser

It is the time of year to raise the yearly expenses to keep the CFC Campus House open and staffed for another year! **The annual expenses that we need to raise is \$65,000 by March 1, 2026.** The owners are so gracious and give us a big discount when we pay the rent for the year. Please pray with us that God will provide all the funding to operate the house for another year.

The Campus House has become the most effective means of ministry to reach and disciple college students. Over the last two years, God has allowed us to **see 65 students saved!** It has provided the space for many discipleship opportunities with numerous students getting baptized and joining the church! We are also able to hold the weekly Bible Certificate classes here at the house where **students are getting college and seminary level theological teaching** to go along with their vocational degree. This is equipping a generation to go into the work force with a strong ministry burden and outlook. The house has grown tremendously over the past three years with numerous students utilizing the house every day. It is now ready to become a model to replicate for other churches to establish.

This year, The Lord allowed our ministry to be able to hire **two staff members, Kosta and Natalie**, to help keep the Campus house functioning on a daily basis and extend the outreach to students. Kosta is in charge of our table outreach ministry which reaches students on a weekly basis all across campus with the hope of the gospel. He also assists Kyle with the Bible certificate class and growing the CFC national ministry. Natalie helps the ministry with administrative tasks, both for the local and national ministry as well as fundraising efforts for the ministry. By Kosta and Natalie being at the house, it allows myself and Amanda to be able to meet and disciple students while keeping the house running!

Donations can be made directly to Collegians for Christ which is a 501c3 non-profit ministry. Please memo "CFC Campus House." If you have any questions, please contact us at 828-832-6505 or austin@collegiansforchrist.org Thank you so much for your prayers and consideration!

You can donate by mail or online:
