

Márch*

Hello March and hello spring! Time is flying, we have just a little over two months left for the children to finish kindergarten!

We are entering an important time of year when review and reinforcement really come into play. Please continue reading at home. The students have learned so many phonics skills, and now our goal is to build fluency and confidence in their reading.

In math, we will be introducing several new concepts, so you may hear your child talking about new strategies and skills they're learning.

We also have two more exciting field trips coming up — more information will be sent home soon!

Be on the lookout for upcoming parent-teacher conferences. During that time, we will review your child's progress, strengths, and discuss areas for continued growth.

Thank you so much for your continued support — it truly makes a difference!

Look at what we are learning

Phonics

Continue to practice our phonics skills already learned.

Vowel teams: oa, ea, ai

Sounds of Y

Digraphs: introduce wh
ing ending.

Math

Measurements: inch

Before, between and after numbers
