Report through February 2026

Dear Church and Pastor:

Through this letter, we send you our sincerest greetings. We hope you are in good health and that God's grace continues to work in you.

I want to thank Liberty Baptist Church and Pastor Kim Stone, Milton, West Virginia, who helped us purchase a vehicle. We bought a 2014 Honda Odyssey, giving us two vehicles to expand our reach in the city through our routes.

In the first week of December 2025, we held our missionary conference and took on three more missionaries, bringing our total to 18.

In February 2026, we had a dinner and a couples meeting. God has been good, and we have had new people joining the church. This month we had three baptisms: Uriel, a 17-year-old; Joshua, 15; and Elijah, 16. Elijah's story is somewhat sad. His parents separated when he was a child, and he arrived with fears, quiet, and with feelings of inferiority. But thanks be to God, we have seen how He has given him the grace to excel.

We ask for your prayers for a young couple, Jesus and Marina, who are studying in our church's Bible institute. We ask for your prayers and, if God puts it in your hearts, to help us finish two classrooms on the second floor of our church. We already have the materials for the blocks, but we lack the resources to put on the 70-square-meter roof. The approximate cost is US \$9,000.

Thank you very much for your prayers and financial support.

Your servants in Zona Maya, Mexico.
