Something to Think About:

The unity of the Trinity lies in accomplishing the Will of God, an obedience motivated by the love they share. Jesus desired that you share in that unity of love. It is in this unity that we come before the Father, presenting petitions to him. When you go to pray, you step into the presence of God, where love and joy indescribable are yours. In the weeks and years ahead, do not shy away from this embrace of the Father. You are God's child, so step out from under the Resolute desk of the Universe and speak to your loving Father and experience the love and joy that has been given to you in Christ Jesus.
